

Kickstart Your Nursing Career At Auburn Community Hospital!

Nurse Residency Program

PROGRAM OBJECTIVES

The Nurse Residency Program (NRP) is designed to facilitate the transition of new nurses from graduates to professionals. Through evidence-based practices, the program emphasizes the enhancement of decision-making skills in high-pressure situations and clinical leadership development, while aiming to incorporate nurse education into real-life practices.

Our Residency Program strives to nurture the skills and confidence required for a seamless transition into clinical roles and a professional environment.

OUR REQUIREMENTS

Graduate from an accredited RN program and have less than one year experience practicing as an RN. Licensure required upon start.

Salary Range: \$35.27 - \$47.73 (Dependent on Experience)
